

25 March 2020,

Dear Wood-Mizer Customers and Friends,

Following the restrictions by the South African Government to limit the Corona virus, Wood-Mizer Africa has put the following measures in place to manage its operations across Africa.

South African operations:

- The 21-day lockdown period between March 26 and 16 April, is an emergency protocol that requires South African citizens to stay at home except for **ESSENTIAL SERVICES**.
- The Forestry and Sawmilling sectors are classified as **ESSENTIAL SERVICES** for the production and supply of amongst others, packaging for essential health and food supply chains.
- As an Essential Sector Service Provider, Wood-Mizer Africa's operations for South Africa will remain functioning with standby staff to assist with orders and deliveries of spares, blades and consumables, and including technical support required by the sector to remain operational during this time.

South Africa:

For Wood-Mizer and Wood-Mizer TITAN products, please use these numbers for assistance during the lockdown:
